Speed with legibility (English)

Day 7

Copy the passage. Stop when your teacher says. Count the words you wrote and the words a partner can read at first glance. Legible words per minute is the score.

Name: _____ Date: _____

The best writers are not the fastest. They are the ones whose words can be read by anyone, at any time, without asking what a letter was meant to be. Speed comes on its own once the hand knows every letter by heart. Until then, we write clearly, we keep the same slant, and we leave a space the size of a letter between words. A page that can be read is a page that respects the person reading it.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

Name: _____ Date: _____

Les meilleurs scripteurs ne sont pas les plus rapides. Ce sont ceux dont les mots peuvent être lus par n'importe qui, à tout moment, sans demander ce qu'une lettre voulait dire. La vitesse vient d'elle-même quand la main connaît chaque lettre par cœur. D'ici là, nous écrivons clairement, nous gardons la même inclinaison, et nous laissons un espace de la taille d'une lettre entre les mots. Une page lisible est une page qui respecte la personne qui la lit.
